

The screenshot displays a REST client interface, likely Postman, showing a POST request to the endpoint `https://api.groq.com/openai/v1/audio/speech`. The request body is a JSON object:

```
{
  "model": "canopylabs/orpheus-v1-english",
  "input": "[Cheerful] vanakkam. I am a language model created by Groq. I am here to help you with any questions you may have. How can I assist you today?",
  "voice": "diana",
  "response_format": "wav"
}
```

The response status is **200 OK** with a duration of **1.67 s** and a size of **402.08 KB**. A media player is visible at the bottom of the response area, indicating that the response is an audio file.
